## An agile solution for the entire organization

Increasing customer demand and expectation, the rise of disruptive competitors shaking up established industries, legacy processes that no longer fit in today's environment, a company culture that fails to support rapid go-to-market. Most organizations today recognize that the business landscape is changing and if they want to survive, they need to change.

**Transformation is necessary.  
It is also hard.**

### Introducing AgileSHIFT®

AgileSHIFT, the latest guidance from global best practice provider AXELOS, focusses on the importance of leading change in an organization. Taking a holistic view of an organization, the new lightweight framework prepares organizations for transformational change by creating a culture of enterprise agility.

AgileSHIFT is designed to help organizations to thrive in an ever emerging disruptive and competitive marketplace.

### AgileSHIFT is comprised of:

an accessible guidance publication, supporting training and certification all of which is appropriate for people at any level.

- How to be accepting towards change and uncertainty
- Understand what agile ways of working are
- An agile framework that works for everyone.

### Why choose AgileSHIFT?

- Created by the custodians of PRINCE2®, ITIL® and MSP®, AgileSHIFT is the result of consolidated research amongst industry experts and world-leading organizations.
- AgileSHIFT is unique in its emphasis on agility across the entire organization, not just IT or product delivery teams.
- Transformation isn't just about having the right technology. AgileSHIFT focuses on the cultural shift needed for business transformation.
